## Superintendent's Highlights

Technology implementation has been a major thrust for the District. We have made great strides in teacher training especially in the area of classroom integration of technology. The Albertson grant for technology has given us the opportunity to advance our technology goals earlier than expected.

These programs allow our students to be exposed to current technology and will able them to successfully transition into the world of work.

## Progress Towards Meeting District Goals

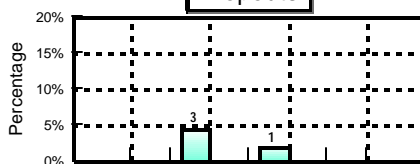

1999-00 Goals	Progress
Provide Technology Training for all Certified Staff	Sixty-five percent of the certified staff have completed the requirements for the Technology Comp Exam. All certified staff will be certified by May 2001.
Complete Post Graduate Survey	We completed a five-year survey of high school graduates. This data will help the district assess curriculum needs and ensure it is meeting the needs of the students.
Improve Reading K-3	The District has continued with financial support for the Reading Recovery Program. Money has also been made available for a number of teachers to attend a national reading convention in Nashville, Tennessee.
